

## STAR - Secondary Tertiary Alignment Resource

The goal of STAR is to assist secondary schools to better meet the needs of senior students. It does this by granting additional funding for schools to use in accessing a wide range of programmes to provide greater opportunities for senior students.

### Benefits of the STAR for Students

At Massey High School the following senior school programmes receive STAR funding:

- Automotive /Engineering
- Building Studies
- Business Studies
- Child Development
- Coaching
- Furniture Construction
- Hospitality
- Maori (performance)
- Tourism & Travel

In addition to school programmes, Massey High School offers a range of STAR Short Introductory Courses: For example: Animal Care, Beauty Therapy, Computer Engineering, Design and Make, First Aid, Film & TV Studies, Hairdressing, Military Preparation, Stage Lighting.

Each year several Year 13 students are offered the chance to study one paper at university level and the course is partially funded by STAR.

Mrs Raewyn Moore  
STAR Co-ordinator
