Welcome to the Fashion & Beauty Academy 2022

Nau mai ki te Whare Aronui o Tiriwa. The Fashion Academy welcomes you.

In 2022 The Fashion Academy will become the Fashion & Beauty Academy. This exciting new change will include a component of Hairdressing and/or Make Up to the academy in 2022 at Years 12 and /or 13. The exact details are still being arranged but this change will up-skill our students in an area of skills-based training which has a growing need for trained personnel.

This booklet includes courses for students in Years 11, 12 and 13. Our aim is to introduce students to the Fashion & Beauty Industry and to support our students to begin their pathway towards a career in this area. Through this hands-on course, students are taught to operate industrial sewing machines and how to create complete garments. Students will complete multiple sewing projects throughout the course, where they learn to design their own garments and adapt patterns. There will also be a course component at an external tertiary provider on Hairdressing and / or Make Up, (details TBC). Students will leave with up to three years of industrial sewing machine experience.

In the Fashion part of this academy students will gain skills necessary for threading and operating an Industrial Sewing machine and an Industrial Overlocker. Once these skills have been learnt, the students will be cutting and sewing several projects including a tailored shirt, a traditional Japanese kimono, a lined skirt, a formal occasion garment, a wrap skirt and two types of bags. Students will have collaborated on a group banner using aspects of visual design and applique fabric techniques.

We have several trips planned throughout the year, including our regular fabric shopping trips and visits to local fashion businesses. Work experience is often offered at the businesses we visit, and all students are encouraged to take part in a work experience placement throughout the year, which they can gain NCEA credits for. We have industry connections with fashion retail, knitwear companies, fabric cutting services, ball gown makers, clothing alteration businesses and more.

Students in the Fashion & Beauty Academy work towards achieving the Level 2 National Certificate in Clothing Manufacture and a pathway into the Creative Industries. All work completed throughout the course is NCEA accredited, with **46** Level 2 credits at Level 1, **57** Level 2 credits and **42** Level 3 credits offered in the main Year 12 and 13 courses, subject to change. (Some credits or training will also be offered in the Beauty part of the course).

Our **Year 13 Fashion & Beauty Academy** students take part in a short course at NZ Fashion Tech over 6 days, where they learn to sew a tailored shirt, pockets, collars, and sleeves. NCEA credits are gained from this course along with an experience of tertiary study. This helps prepare our students for further education in the field. The school covers transport costs for these days. In class the students continue to build their skills by designing and creating a traditional Japanese kimono, a lined skirt, a formal occasion garment of their choice, and a second bag or luggage piece.

The **Year 12 Fashion & Beauty Academy** begins with an introduction to the plain sewer and overlocking machines, health, and safety, plus pattern adaptations. The students then create a wrap skirt of their own design and a bag or luggage item, followed by a garment of their choice.

The **Year 11 Fashion Academy** includes practical sewing skills, basic pattern adaptation and general knowledge of clothing material. This class is also open to those who have not taken Fabric Technology in the past. (Note there is no beauty component at Yr 11).

Pre-academy Fashion – Level 1, Year 11, (1 hour per day).

This is a skills-based course to prepare those interested in joining the Fashion Academy in Year 11. This course will be one hour a day.

Term	Unit Standard	Ver	Level	Domain	Brief Description	Garment to make:	I or E	Credits
1	20342	2	2	Apparel Cutting and Sewing	Thread and operate an industrial lockstitch sewing machine in a learning environment	Sewing Samples	/	7

Home and Life Sciences – Textile Technology – H & L Sci. – T. T.							Total credits	46

Fashion Academy Level 2 (2 hours per day) Prior sewing experience is preferred but not essential.

[illegible]

To gain the National Certificate, a student **must achieve all four** compulsory (C) standards plus **two** standards from Elective A and **two** standards from Elective B.

National Certificate in Clothing Manufacture (Elementary Sewing Skills Level 2)			
Category	Standard	Required	Possible
Compulsory	20342, 20343, 17914, 17915	23	23
Elective A	6694, 6696, 6693	12	17
Elective B	6685, 10780, 16837, 6695	14	17
Total Credits		49	57

Fashion Academy Level 3. (2 hours per day) Prior sewing experience is preferred but not essential.

[illegible]

Vocational Pathways Award within the Academies.

All the standards in Academy courses contribute to the NCEA. Students in the academies at Level 2 are also eligible for the Vocational Pathways Award. To get a Vocational Pathways Award, the student must gain Level 2 NCEA with a minimum of 20 Level 2 credits from Sector-Related, **(SR)**, standards, (within that sector), and a further minimum of 40 credits from Recommended, **(R)**, standards, (also within that sector), to make up a total of 60 pathway credits. (See tables). The SR standards are generally achieved within the academy and the R standards come from some academy standards plus standards in other subjects.

The Vocational Pathways Award enables employers to assess whether potential employees' skills align with their industry requirements more easily. The six Vocational Pathways sectors are: Constructions & Infrastructure (CI), Manufacturing & Technology (MT), Primary Industries (PI), Service Industries (SI), Social & Community Services (SC) and Creative Industries (CR). Note this award only applies to Level 2.

Diagram showing the minimum needed for the Vocational Pathways award.

Fees and Transport. Our academy course also involves 6 days at NZ Fashion Tech where the students will be taught by the NZ Fashion Tech tutors and gain credits delivered by this NZQA approved tertiary provider. Transport to and from NZ Fashion Tech is provided free from MHS as are all course fees.

Entry and commitment from students. All students who wish to apply for this academy should complete an AWVA application form **and indicate their** choice of the Fashion Academy Pathway in the MHS Pathways Booklet. Places will be limited, and an interview process will be arranged with the student and their whanau or support person plus the MHS academy tutor. Students will need to be committed to maintaining their attendance at 95% and to getting to NZ Fashion Tech on the designated days.

Course structure. The Pre-Academy at Yr 11 is one period per day and the Level 2 and Level 3 Fashion Academies will run two hours a day each day all year in the senior school. The current existing standards are listed in the above tables. (Subject to change).

Individual education plans, IEPs. All students will have regular IEP meetings to check their progress towards their vocational pathways award and/or NCEA.

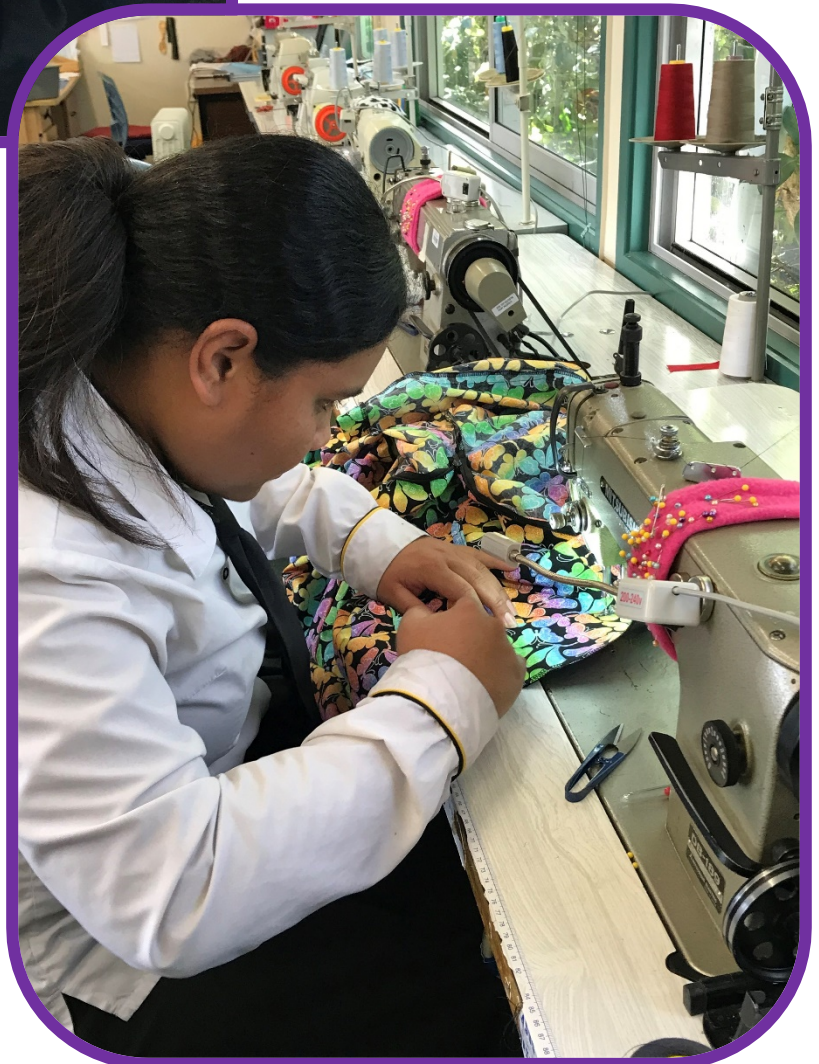

Preferred subject choices along with Fashion. Preference for Academy places will be given to students who also choose subjects from this list. **English, Mathematics, Art, Digital Design, Photography, Media Studies.**

Students may only select ONE academy.

To apply for an academy, do the following

1. Complete the online MHS course selection process on schoolpoint, [SchoolPoint Useful Information](#) the MHS option selection system and select the Academy (AWVA), you wish to apply for. There is an Academy Application form to be completed – select the desired Academy from the drop-down list, **print, take it home and complete it and hand it to one of the staff below.**
2. See Mr Hackett, Ms. Douglas or Mr Tinling at the Academy Offices by the Construction Site if needed for a form.
3. Email Mr Hackett at nhackett@masseyhigh.school.nz, if you have further questions.
