

Dear [REDACTED] I wanted to say thank you so much for helping me gain confidence in myself. You have helped me dig out of a hole that I never knew I could escape from. I finally feel like myself and feel free. I love you so much. Thank you! I appreciate you so much. So many teachers haven't been able to do what you have done for me. You are my favourite teacher. You inspire me to do my best in everything I do. I am so grateful to have teachers like you around. When I was in History I thought I wasn't good enough but then I answered a question and I felt so proud of myself and thought that I am no longer the shy little girl and that's when I believed in myself and gained my confidence. The magic sticks are the best thing to ever happen because now I have so much confidence in myself now and feel so happy and proud and it's not just the question it's the fact that I have now grown out of my shell and bubble to this confident tiny person. Thank you so so so much. I will never forget how history helped me gain my confidence and finally started believing in myself.

[REDACTED] I am super grateful for what you have done for me. You are the best teacher in the whole world.
