

Find a word that:

you really know the meaning of	
you sort of know the meaning of	
you haven't got a clue what it means	
you've never seen before	
you're not sure how to pronounce	
you think has a Latin or Greek origin What clues does this give you about the meaning of the word?	

With your neighbour/others in your group:

Do you have any words in common?	
Can someone else: <ul style="list-style-type: none">• tell you the meaning of a word you don't know?• help you pronounce a word?• help you work out the meaning of a word from its suffix and/or prefix?
