

Massey High School International Department:

Public Attestation: Wellbeing, Safety, and Code Compliance **Statement of Commitment**

Massey High School (MHS) is a signatory to the Education (Pastoral Care of Tertiary and International Learners) Code of Practice 2021. We are committed to maintaining a strategic and transparent wellbeing and safety system that responds to the diverse needs of our international learners. Our philosophy is rooted in "The Massey Way," ensuring every student has the right to learn in a safe, inclusive, and stable environment.

1. Strategic Wellbeing and Safety Goals

In accordance with **Outcome 1** of the Code, the MHS Board of Trustees has established the following strategic goals to support our international learners:

- **Goal 1: Safe and Inclusive Learning Environments.** To provide a physical environment where students feel at home, supported by visible pastoral care from the International Dean and International Prefects.
- **Goal 2: Proactive Health Support.** To ensure all learners can easily access onsite medical, nursing, and confidential counselling services.
- **Goal 3: Holistic Monitoring.** To conduct individual "Where We Stand" meetings with every student at least once per term to monitor academic progress and social adjustment.
- **Goal 4: Cultural Integration.** To honour Te Tiriti o Waitangi by integrating indigenous values into the student experience through formal Pōwhiri/Whakatau and Tuakana Teina (buddy) models.
- **Goal 5: Responsive Safety Systems.** To maintain 24/7 emergency contact access and ensure all school staff are briefed on the distinct needs of international learners.

2. Annual Self-Review and Attestation

MHS identifies strengths and areas for improvement through a process of continuous self-review. We submit an Annual Self-Review Attestation to NZQA to confirm our ongoing compliance with the Code.
