

AUCKLAND WEST VOCATIONAL ACADEMIES

HOSPITALITY ACADEMIES

Vocational Pathways provide new ways to achieve NCEA Levels 1, 2 and 3 and develop pathways that progress into further study, training, and employment. In 2027 there are five Hospitality Academies offered – one-hour Level 1 pre-academy. Two at Level 2 (one- and two-hour options) and two at Level 3, a two-hour option, and a fulltime option. Students are working towards the Vocational Pathways Award in the service industries level 2. Level 3 builds upon this through shared opportunities across school, tertiary and industry training to prepare students for future tertiary training or employment. The Vocational Pathways provide a platform to see how their learning and achievements align with workplace and industry.

Philosophy

The Hospitality Academy's purpose is to create real opportunities for enthusiastic students in hospitality to achieve superior outcomes with a dedicated pathway into employment or further education, with an emphasis on becoming self-directed learners.

For the first year, the Level 2 Hospitality Academy offers two subject lines in timetable. Students will also spend time in the school café working towards credits in both cookery, food and beverage, and customer service. Chef jacket, cap and apron are required for this option.

The second year, Level 3 Hospitality Academy occupies two subject lines in the timetable or a fulltime option. Both options offer training in a restaurant or café gaining valuable workplace experience. The two-hour programme does one day per week for a minimum of 10 weeks and the fulltime academy are offered two days per week. Full Chef Whites are required for all two-line Level 2 and 3 classes and for the fulltime option.

Students gain knowledge, practical skills and develop confidence, passion, and dedication for a career in the Hospitality Industry through a selection of 'real' work placements as part of the second-year course structure. The Hospitality Academy Programme offered in 2027 may include hours outside of normal school hours to make it possible for students to complete some of the units under realistic conditions. Students are also encouraged to enter Culinary Competitions and participate in Community Service.

If you choose these academies, you should also strongly consider selecting subjects that ensure that you qualify for a Vocational Pathways Award. This is a qualification (attached to Level 2 NCEA) that will ensure you can study at a tertiary provider such as AUT, or significantly improve your chances if you are looking for employment once you leave school.

Modules of the following will also be available for the 2027 programme.

- *Café training in the school café*
- *Patissiere*
- *Cookery*
- *Barista*
- *Literacy and numeracy credits are also available for the fulltime academy*
- *Work experience is also part of these modules*
