

Follow your rainbow

Dear Massey High School,

I want to say thank you to everyone at Massey High School. I studied here as an international student for four weeks.

The students here are very friendly. They talked with me, and I made many new friends. All the teachers are nice too. I learned lots of knowledge at school. My English became much better.

I really enjoy this special experience. I will keep these great memories.

Wish Massey High School good luck!

Yours,
Xinya
