

Dear Massey High School,

I am Ruby from year 9, and I'm writing this letter to sincerely thank everyone in our school. Over the past few weeks, I've gained something more than knowledge here.

Every teacher cares about us, you ask us if we can understand, you answer my questions whenever I ask and are always passionate to help me.

Besides, I am very thankful to my classmates. They always show me my classrooms and help me find it, they tell me what to do next when I'm confused and led me to join in their class activities.

The school is big, so I was always confused about where each classroom was, especially when I was alone with no classmates around. Every time when this happened, there would be some kind schoolmates who led me to the right class room.

All of these warm moments made me feel like I belong to the big family of Massey High School.

I'm really grateful for all the warm moments you have given me. I will keep these precious memories deep in my heart forever.

Yours sincerely,

Ruby
